Copper

This list is provided as a courtesy to residents to aid them in their selection of a roof/shingle based on roofs/shingles that have been approved in the past. Prior approval of a material does not guarantee future approval. The Committee reserves the right to discontinue approval of any of the above roofs or shingles if deemed necessary by the committee or if the committee feels the selection does not blend or work well for a particular residence. This is not a comprehensive list of roofs or shingles that could be approved. Other shingles will be considered by the committee if requested.

A new roof submission form and approval from the Millwood Design Review Committee (DRC) is required for ALL new roofs and/or complete shingle replacement (not including repairs using the existing shingle). Neither the Members of the Millwood DRC nor the Millwood POA Board makes any recommendations or warranties regarding the products listed above or approved by the committee.
